

July 11, 2012

I have known Lisa Lee the owner of The Genesis Shop for a year now and can say that she is very professional, experienced and an expert as a drug testing consultant. She has provided us with options to our drug testing program that not only saved us over 60% to our current program, but allowed us to obtain quicker results from interview to hiring paperwork.

The Genesis Shop has provided Interstate All Battery with exceptional customer service and is always prompt to respond to our drug testing needs. Lisa is willing to meet our hiring candidates wherever we request to perform her exceptional service. Lisa keeps us up to date on current trends and is always available when we call.

I highly recommend the services of The Genesis Shop and their expertise to keep our work environment and employees drug free.

Sincerely,

Michael Sawyer
